

RUSSIAN ACADEMY OF SCIENCES
SCIENTIFIC COUNCIL RAS FOR PROBLEMS IN ENVIRONMENTAL GEOSCIENCE, ENGINEERING
GEOLOGY, AND HYDROGEOLOGY

FEDERAL AGENCY FOR SCIENTIFIC ORGANIZATIONS
SERGEEV INSTITUTE OF ENVIRONMENTAL GEOSCIENCE RAS

First Announcement

The annual session of the Scientific Council RAS for the Problems in Environmental Geoscience,
Engineering Geology and Hydrogeology -

The 19th Scientific Conference in Commemoration of academician RAS
Evgenii Mikhailovich SERGEEV

"SERGEEVSKIE CHTENIYA"

"Geoenvironmental safety upon the Development of Mineral Deposits"

Scientific Conference within the framework of the Year of Ecology in Russia

Moscow, March 22-23, 2017

Topics for discussion:

- 1. Conceptual issues of geoenvironmental safety in the mining regions*
- 2. Assessment of natural hazard and risks in the areas of mineral deposits development*
- 3. Comprehensive geoenvironmental monitoring in the areas of mineral deposits development*
- 4. Geoenvironmental problems in mining waste disposal*
- 5. Contamination and remediation of subsurface water in mining regions*
- 6. Geoenvironmental problems of mineral deposits development in the permafrost the Arctic region*
- 7. New adaptive environment-friendly technologies upon the development of mineral deposits*

Deadline for contributions is **November 25, 2016**. The papers (5-6 pages) should cover the data of original research carried by the author(s) not published anywhere before. The working language of the conference – Russian.

Organizing Committee:

Chairman: academician RAS Victor I. Osipov

Executive Secretary: Ph.D. Olga N. Eremina

Contacts: 101000, Russia, Moscow, Ulanskii lane 13, bld. 2, P.O.Box 145, Sergeev Institute of Environmental Geoscience
